St. Louis, MO

Career Objective Seeking a software engineering position with a growth business which will enable me to develop dynamic applications and responsive websites.

Education **Bachelor of Science, Computer Science** (Jan 2020)
University of Central Missouri
Cumulative GPA: 3.0

Associate of Technology, Internet and Web Based Technology (Jan 2016)
Ranken Technical College, St. Louis, MO
Cumulative GPA: 3.6, Cum Laude
President's List 2014, 2015

Technical Skills	Java C # GitHub	Python Bootstrap Agile	HTML/CSS Angular Material	SQL Database JavaScript/jQuery
-------------------------	--	---	--	---

Academic Project **University of Central Missouri**
Senior Project (Fall 2019) - As a member of a five student team, we developed "GetFed", a web app designed for the Federal Reserve Bank's in-house cafeteria. This app allows individuals to place an order at the sandwich bar ahead of time. Our team utilized Agile methodology to divide the workload and structure the project timeline. My responsibilities included functional design and development of code for the admin page.

Work Experience **Financial Analyst** (Aug 2018 - Jan 2020)
University of Central Missouri

- Code all daily student charges and post to the system server
- Extract financial records related to university bookstore POS and online transactions from multiple servers/sources and verify charges
- Reconcile payments to ensure the accounting system properly reflects the correct student transactions
- Review student records for compliance with federal FERPA confidentiality guidelines

Community Involvement **Tau Kappa Epsilon (TKE) - Alumni** (Jan 2017 - Present)
Participated in weekly meeting and contributed to the development of the organization's values and goals.

Volunteer Service:

- Highway & City cleanups
- Jugs for Jude, a fundraiser for St. Jude's Children's Hospital
- Laura Culp Pageant, assisted to raise awareness of eating disorders and to support the Laura Culp Memorial Fund to provide scholarships
